

ECHA/TRN/2022/032 – Hazard IV Unit (C4) – in cooperation with Hazard units (C2 and C3)

The Hazard Assessment Units, C2 – C4 work in close cooperation, with all three Units conducting dossier evaluations (i.e. compliance checks and the examination of testing proposals) and managing substance evaluation. They ensure that the Agency is well prepared to carry out these activities by utilising the best possible scientific, technical and regulatory capacity and working in an efficient and transparent way. The Units also provide scientific and technical input to helpdesk activities, and to the development of guidance documents and scientific IT tools, within the scope of their competence.

In this professional and challenging setting we have opening for trainees with analytical skills and a pro-active attitudes.

Assignment

In this traineeship you will have the unique possibility to work with tasks related to dossier evaluation and hazard assessment under REACH and CLH. In this role you will support the Hazard Assessment Units in their daily activities. Depending on your experience and profile these tasks may include:

- Contribution to the assessment of physico-chemical and ecotoxicological data in the registration dossiers;
- Contribution to the development of ecotoxicological database based on information in the REACH registration dossiers and CLH (harmonised classification and labelling) dossiers;
- Contribution to the analysis of the ecotoxicological data collected, aiming to support the dossier evaluation activities and further data generation;
- Contribution to extracting, collecting and presenting scientific information related to Knowledge Management.

Profile

- Completed university degree in a science field related to the area of the REACH regulation (Chemistry, Biochemistry, Ecotoxicology, Environmental Sciences, etc.);
- Good analytical skills;
- Proactive attitude;
- An eye for detail;
- Goal-orientation;
- Good communication and interpersonal skills;
- Aptitude for team work;
- Good English skills both written and spoken (as this is the working language of the Agency).

Starting Date: 01 September 2022

Duration: 6 months

Deadline for applications: 25 April 2022 at noon 12:00 Helsinki time (11:00 a.m. CET)
